PART 1 (AUGUST 1982)

PAGE

BARRY, T. N., MANLEY, T. R. and MILLAR, K. R. Nutritional evaluation of kale (*Brassica oleracea*) diets. 4. Responses to supplementation with synthetic S-methyl-L-cysteine sulphoxide (SMCO) 1

WANKI, S. B. C., FAWUSI, M. O. A. and NANGJU, D. Pod and grain yields from intercropping maize and *Vigna unguiculata* (L.) Walp. in Nigeria 13

FAWUSI, M. O. A., WANKI, S. B. C. and NANGJU, D. Plant density effects on growth, yield, leaf area index and light transmission on intercropped maize and *Vigna unguiculata* (L.) Walp. in Nigeria 19

LOGANATHAN, P., DAYARATNE, P. M. N. and SHANMUGANATHAN, R. T. Evaluation of the phosphorus status of some coconut-growing soils of Sri Lanka 25

GALIL, K. A. A. and GALIL, A. K. A. Seasonal variation in some characteristics of ejaculated spermatozoa of Sudan Desert sheep in the tropics 35

GALIL, K. A. A. and GALIL, A. K. A. Seasonal variation in some characteristics of seminal plasma of Suden Desert sheep in the tropics 45

ELLIOTT, R. and ARMSTRONG, D. G. The effect of urea and urea plus sodium sulphate on microbial protein production in the rumens of sheep given diets high in alkali-treated barley straw 51

REMISON, S. U. and FAJEMISIN, J. M. Comparative growth of maize cultivars with different leaf orientation 61

PHILLIPS, M. S. and DALE, M. F. B. Assessing potato seedling progenies for resistance to the white potato cyst-nematode 67

GERSON, T., JOHN, A., SHELTON, I. D. and SINCLAIR, B. R. Effects of dietary N on lipids of rumen digesta, plasma, liver, muscle and perirenal fat in sheep 71

DE, MAINE, M. J. An evaluation of the use of dihaploids and unreduced gametes in breeding for quantitative resistance to potato pathogens 79

OLLERENSHAW, J. H. and BAKER, R. H. Low temperature growth in a controlled environment of *Lolium perenne* L. ecotypes from northern latitudes 85

CHALMERS, MARGARET I., GRANT, I. and WHITE, F. Free amino-nitrogen exchange across the hindquarters of fed and fasted sheep and pigs 91

ANDREWS, A. H. The relationship of maxillary cheek tooth development to age determined by post-mortem radiographic examination of cattle aged between 12 and 24 months . 105

NICOLÍC, J. ANNA. Some factors influencing the effect of alkali treatment on crop residues . 115

WURR, D. C. E., FELLOWS, JANE R. and GRAY, D. The effect of seed treatment and seed covering medium on the establishment of crisp lettuce 123

GUIRGIS, R. A. Lamb birthcoat relationship to the adult fleece in Merino, coarse wool Barki and Merino × Barki sheep crosses 131

RIDGMAN, W. J. and WALTERS, D. E. A comparison of growing wheat continuously with growing wheat in a four-course rotation 139

DAVIES, D. A. and MORGAN, T. E. H. Performance of ewes and lambs on perennial ryegrass, cocksfoot, tall fescue and timothy pastures under upland conditions 145

DAVIES, D. A. and MORGAN, T. E. H. Herbage characteristics of perennial ryegrass, cocksfoot, tall fescue and timothy pastures and their relationship with animal performance under upland conditions 153

PAGE

HOLBROOK, J. R., OSBORNE, J. D. and RIDGMAN, W. J. An attempt to improve the yield and quality of direct-drilled winter wheat grown continuously 163

FAULKNER, J. S., JOHNSTON, FIONA and MCANENEY, D. M. P. Selection for seedling vigour in *Festuca arundinacea* 173

ARORA, C. L. and SEKHON, G. S. The effect of soil characteristics on the zinc–copper interaction in the nutrition of wheat 185

POLIGNANO, G. B. Breeding for protein percentage and seed weight in *Phaseolus vulgaris* L. 191

RODGER, J. B. A. The effect of fertilizer nitrogen, phosphorus and potassium on the calcium, magnesium and phosphorus status of pasture cut for silage 199

MOIR, K. W. Digestible cell wall and undigested cellular contents of two grasses of low net energy value for growing cattle 207

MOIR, K. W., EBERSOHN, J. P. and EVANS, J. Validation of intake estimates in grazing beef cattle 209

MATHERS, J. C. and MILLER, E. L. Some effects of choral hydrate on rumen fermentation and digestion in sheep 215

SHORT NOTES

SCARISBRICK, D. H., CLEWER, A. and DANIELS, R. W. A note on sampling technique for winter oil-seed rape (*Brassica napus* L.) 225

FARAH, S. M. and KHALIFA, O. Effect of type of seed, depth of planting, and dose of fungicide on groundnuts (*Arachis hypogaea* L.) 229

PEDDIE, J., DEWAR, W. A., GILBERT, A. B. and WADDINGTON, D. The use of titanium dioxide for determining apparent digestibility in mature domestic fowls (*Gallus domesticus*) . 233

SINHA, S. K., BHARGAVA, S. C. and GOEL, ARUN. Energy as the basis of harvest index . 237

MAURYA, B. R. and SANORIA, C. L. Effectiveness of rhizobial strains with and without co-inoculants and phosphate on bengal gram (*Cicer arietium*) 239

PART 2 (OCTOBER 1982)

SRISKANDARAJAH, N. and KELLAWAY, R. C. Utilization of low quality roughages: effects of alkali treatment of wheat straw on intake by and growth rate of cattle, with and without a supplement of cotton-seed meal 241

LEYVA, V., HENDERSON, A. E. and SYKES, A. R. Effect of daily infection with *Ostertagia circumcincta* larvae on food intake, milk production and wool growth in sheep . . 249

HADJICHRISTODOULOU, A. The effects of annual precipitation and its distribution on grain yield of dryland cereals 261

EDWIN, E. E., JACKMAN, R. and JONES, P. Some properties of thiaminases associated with cerebrocortical necrosis 271

GUIRGIS, R. A., AFIFI, E. A. and GALAL, E. S. E. Estimates of genetic and phenotypic parameters of some weight and fleece traits in a coarse-wool breed of sheep . . . 277

PURSER, A. F., WIENER, G. and WEST, D. M. Causes of variation in dental characters of Scottish Blackface sheep in a hill flock, and relations to ewe performance . . . 287

FINCH-SAVAGE, W. E. and COX, C. J. Effects of adding plant nutrients to the gel carrier used for fluid drilling early carrots 295

PAGE

ISHAG, H. M. The influence of irrigation frequency on growth and yield of groundnuts (*Arachis hypogaea* L.) under arid conditions 305

FIELD, A. C., COOP, R. L., DINGWALL, R. A. and MUNRO, C. S. The phosphorus requirements for growth and maintenance of sheep 311

BRYANT, D. T. W. and SMITH, R. W. The effect of lactation on protein synthesis in ovine skeletal muscle 319

DALE, M. F. B. and PHILLIPS, M. S. An investigation of resistance to the white potato cyst-nematode 325

HORRELL, R. I. Immediate behavioural consequences of fostering 1-week-old piglets . . 329

BASS, J. J., WINN, G. and PAULSEN, W. D. A comparison of three ultrasonic machines (Scanogram, Danscan and AIDD (NZ)) and visual estimates for predicting carcass composition of live cattle 337

FRANCE, J., THORNLEY, J. H. M. and BEEVER, D. E. A mathematical model of the rumen . 343

BRAITHWAITE, G. D. Endogenous faecal loss of calcium by ruminants 355

PHILLIPPO, M., HUMPHRIES, W. R., LAWRENCE, C. B. and PRICE, J. Investigation of the effect of copper status and therapy on fertility in beef suckler herds 359

BRAUDE, R. and HOSKING, ZENA D. Copper in diets for growing pigs 365

GANGWAR, P. C., BAHGA, C. S., SRIVASTAVA, R. K. and DHINGRA, D. P. Effect of spray cooling and wallowing on potassium concentration of erythrocytes in buffaloes (*Bos bubalis*) during summer 373

WIDDOWSON, F. V., JENKYN, J. F. and PENNY, A. Results from factorial experiments testing amounts and times of granular N-fertilizer, late sprays of liquid N-fertilizer and fungicides to control mildew and brown rust on two varieties of spring barley at Saxmundham, Suffolk 1975–8 377

RICHARDSON, T. C., JEACOCK, MARJORIE K. and SHEPHERD, D. A. L. The effect of implantation of anabolic steroids into suckling and ruminating lambs on the metabolism of alanine in livers perfused in the presence or absence of volatile fatty acids . . . 391

HAY, R. K. M. and TUNNICLIFFE WILSON, G. Leaf appearance and extension in field-grown winter wheat plants: the importance of soil temperature during vegetative growth . 403

TIWARI, K. N., PATHAK, A. N. and UPADHYAY, G. P. Effect of sedimentary pyrites and Zn application on yield, Zn and Ca nutrition of rice and wheat crops and on amelioration of saline sodic soil 411

WURR, D. C. E. and FELLOWS, JANE R. The influence of plant raising conditions on the head weight of crisp lettuce at maturity 417

WURR, D. C. E., FELLOWS, JANE R. and CRISP, P. Leaf and curd production in cauliflower varieties cold-treated before transplanting 425

BRADSHAW, J. E., CHAPMAN, I. M. and YOUNG, A. Genotype–environment interactions in fodder kale (*Brassica oleracea* L.) 433

ROOKE, J. A., NORTON, B. W. and ARMSTRONG, D. G. The digestion of untreated and formaldehyde-treated soya-bean meals and estimation of their rumen degradabilities by different methods 441

SHORT NOTES

SCARISBRICK, D. H., DANIELS, R. W. and NOOR RAWI, A. B. The effect of chlormequat on the yield and yield components of oil-seed rape 453

PAGE

RAJESWARA RAO, B. R. and SINGH, S. P. Spacing and nitrogen studies in pyrethrum (*Chrysanthemum cinerariifolium*) 457

GILLIGAN, C. A. Size and shape of sampling units for estimating incidence of sharp eyespot, *Rhizoctonia cerealis*, in plots of wheat 461

PART 3 (DECEMBER 1982)

COOK, J. E., WILKINS, R. J. and WILSON, R. F. The effect of paraformaldehyde on the fermentation quality and feeding value of ryegrass and lucerne silages 465

DINA, S. O. Interactions between rate, spray interval and number of applications of the synthetic pyrethroid Decis in cow pea (*Vigna unguiculata*) pest control 471

FINCH, VIRGINIA A., BENNETT, I. L. and HOLMES, C. R. Sweating response in cattle and its relation to rectal temperature, tolerance of sun and metabolic rate 479

MORTON, J. R. Principal components of profitability in heavy pig carcasses 489

EVANS, D. G. and KEMPSTER, A. J. A multivariate study of pig carcass growth and composition 1. Production and grading characteristics 499

EVANS, D. G. and KEMPSTER, A. J. A multivariate study of pig carcass growth and composition 2. Dissected tissues and parts 509

RAMOS, J. M., GARCIA DEL MORAL, L. F. and RECALDE, L. The influence of pre- and post-anthesis periods on yields of winter barley varieties in southern Spain 521

SINGH, MANOHAR, MORE, T., RAI, A. K. and KARIM, S. A. A note on the adaptability of native and cross-bred sheep to hot summer conditions of semi-arid and arid areas . . . 525

BASS, J. J., WOODS, E. G. and PAULSEN, W. D. A comparison of three ultrasonic machines (Danscan, AIDD (NZ) and Body Composition Meter) and subjective fat and conformation scores for predicting chemical composition of live sheep 529

BLANEY, B. J., GARTNER, R. J. W. and HEAD, T. A. The effects of oxalate in tropical grasses on calcium, phosphorus and magnesium availability to cattle 533

SALEM, S. A. Variation and correlations among agronomic characters in a collection of beans (*Vicia faba* L.) 541

NORRIS, I. B. and THOMAS, H. The effects of cutting on regrowth of perennial ryegrass selections exposed to drought conditions 547

CONWAY, JANET, HARDWICK, R. C., INNES, N. L., TAYLOR, J. D. and WALKEY, D. G. A. White-seeded beans (*Phaseolus vulgaris*) resistant to halo blight (*Pseudomonas phaseolicola*), to bean common mosaic virus, and to anthracnose (*Colletotrichum lindemuthianum*) 555

SCARISBRICK, D. H., DANIELS, R. W. and NOOR RAWI, A. B. The effect of varying seed rate on the yield and yield components of oil-seed rape (*Brassica napus*) 561

BRATHWAITE, R. A. I. Assessment of components in a set of management practices for the wet-season production of vegetable cow pea in Trinidad 569

WILMAN, D. and OWEN, I. G. Effects of stage of maturity, nitrogen application and swath thickness on the field drying of herbage to the hay stage 577

EL-KHOLY, E. and HAFEZ, H. Response of snake cucumber (*Cucumis melo* var. pubescens) to some plant regulators 587

NEWBOULD, P., HOLDING, A. J., DAVIES, G. J., RANGELEY, ANNE, COPEMAN, G. J. F., DAVIES, A., FRAME, J., HAYSTEAD, A., HERRIOTT, J. B. D., HOLMES, J. C., LOWE, J. F., PARKER, J. W. G., WATERSON, H. A., WILDIG, J., WRAY, J. P. and YOUNIE, D. The effect of *Rhizobium* inoculation on white clover in improved hill soils in the United Kingdom . 591

PAGE

BLAXTER, K. L. and BOYNE, A. W. Fasting and maintenance metabolism of sheep . . 611

WAGHMARE, A. B., KRISHNAN, T. K. and SINGH, S. P. Crop compatibility and spatial arrangement in sorghum-based intercropping systems 621

CARROLL, C. P. A msss-selection method for the acclimatization and improvement of edible diploid potatoes in the United Kingdom 631

BUTLER-HOGG, B. W. and TULLOH, N. M. Growth patterns in sheep: the effects of weight losses on compensatory growth and feed intake in Corriedale sheep 641

MBWILE, R. P. and WIKTORSSON, H. Fodder supply to dairy cows during the dry season in Tanzania: comparative evaluation of three silages and lupin green forage 651

SHORT NOTES

PANDEY, R. N. and PANDEY, R. S. Estimation of effective infiltration rates in cracked soils 659

KETTLEWELL, P. S., DAVIES, W. P. and HOCKING, T. J. Disease development and senescence of the flag leaf of winter wheat in response to propiconazole 661

SCARISBRICK, D. H., OLUFAJO, O. O. and DANIELS, R. W. The effect of nitrogenous fertilizer on the seed yield, and yield components of *Phaseolus vulgaris* 665

RIDGMAN, W. J. and WEDGWOOD, R. B. Winter wheat in six-course rotations on light land 669
